Technical - Software Engineering, PL/SQL, SQL, Bootstrap CSS, ReactJS.

Projects

Kerala Tourism Mock Website - Link

Developed a responsive and visually appealing mockup of a Kerala tourism website using HTML, Bootstrap CSS, and JavaScript. The project simulates key tourist destinations, cultural highlights, and travel information with a userfriendly interface. Employed modern web design practices to ensure cross-browser compatibility and optimal performance across devices. Integrated interactive elements to enhance user engagement and improve overall user experience.

Front-End Developer for Gitam ChatApp - Link

Designed and implemented the front end of Gitam ChatApp using React. The project features real-time messaging, user authentication, and a responsive layout optimized for various devices. Leveraged React's component-based architecture to build reusable UI components and manage application state efficiently. Emphasized a sleek, modern design with an intuitive user interface to enhance user experience and engagement.
